

A Blueprint For Parenting Children 0 to 7: A Foundation for Good Mental Health

A 5 Hour Online Webinar

Presented by The Parent Resource Center LLC

A Blueprint for Parenting Children 0 to 7

Four expert speakers address the following topics, and you will learn:

- ✓ How prevention of mental illness begins with the elimination of inferior parenting practices. Prevention rather than a band aid approach can be the new paradigm for healthy societies.
- ✓ Why secure & insecure attachment affects entire adult relationships.
- ✓ Effective ways of supporting the emotional health & well being of a child.
- ✓ How men & women experience the world of relationships very differently due to biological brain differences.
- ✓ Communication skills to improve different relationship dynamics.
- ✓ Ways in which technology affects the brain of a child and how to apply healthy strategies around children & technology.

This video is available for unlimited viewing by *all* your clients, counselors, and staff.

- ✓ 6-month subscription
- ✓ Cost \$250 (per site location) for the term of the subscription
- ✓ Continuing Education* units are available for professionals through independent CE Providers at no extra cost for the materials (the CE provider will charge for the test).
- ✓ On-line video, so you can watch multiple copies at the same time (within the same location)
